As a youngster, my older brothers fed my appetite for music. I grew up listening to everything from Johnny Cash to John Mellencamp, Pink Floyd to Pearl Jam and Garth Brooks to Green Day.

As I always say, "You could see me play five times in five days and never hear the same song twice." In fact, I enjoy many different kinds of music and love taking requests from the crowd!

So grab a chair and a cold drink... whiskey on the rocks always does the trick for me... and let's kick back and have a good time. I'll see ya soon!
