

PAT OWENS

Acoustic Hour & DJ Services

Hi,

My name is Pat and I'd like to provide you with a unique and affordable entertainment option for your special day.

I've been to quite a few weddings in my life (including my own) and in my experience I've found that most receptions are the same: The guests filter in from the church. Some find their tables... and others head straight for the bar, right?

Off in the distance the band or DJ begins playing some subtle "dinner music". Dinner is served and the soft background music continues. Finally, the meal has ended and the party begins!

I'm not here to reinvent the wheel... but perhaps I can provide a little air for the tires. The standard wedding reception format works great- that's why they're almost all the same!

But why choose between a band and a DJ when you can have both? With my Acoustic Hour and DJ Service, I'll provide you with the proper amount of acoustic guitar selections (chosen and approved by you in advance) while dinner is served. Once dinner has concluded, I'll provide you with the DJ services you'll need to get your party going!

I look forward to making your reception a memorable one... and I understand that planning a reception comes with many obstacles, so please feel free to contact me with any questions.

Congratulations!

Pat
